ITALY'S WINE REGIONS

The North

The north of Italy with its altitude & cooler climate makes it home to some of the most versatile & exciting wines in the country. The reds show lightness, freshness & tremendous acidity, while the whites are so raucously versatile, you could probably find something for every taste. Swing over to Friuli & Alto Adige on the Eastern borders for something special.

The Centre

Tuscany. Lots & lots from Tuscany, Bunches of Sangiovese blended in many cases with Cabernet & Merlot, the coastal examples will be structured but still fresh, but head east into Super-Tuscan & Chianti territory for big, full-power Bordeaux-style wines. Whites become fuller & fruitier from lesser-known Umbria, & Marche.

The South

Sun-kissed lands baring ripe, baked fruits. You like your reds packed with fruit & full bodied, explore Aglianico from Campania for more structure & spice. Whites are capable of tremendous character & texture thanks to the rich volcanic soil & the salty sea air.

The Islands

Oh Sicily, is there anything you can't give me? The native Nero d'Avola is a trusted path well-walked, so say hello to Mount Etna & remember these grapes – Nerello Mascalese for Etna Rosso & Carricante for Etna Bianco. Lightness of fruit meets rich volcanic soil. Like great Burgundy at half the price, truly some of the best wines in the World.
